Project: New Season Grocery Store Profile: Lythic Polished Concrete Retrofit Materials: Lythic Cleaner Lythic SPD Protector Lythic Cleaner

Location: United States

**Overview:** The original floor was polished more than eight years ago with Lythic SPD Protector used to protect the floor and Lythic Cleaner for general maintenance.

The floor was cleaned with black pads and Lythic Cleaner before Lythic SPD Protector was reapplied and high speed burnished. With continuous cleaning the floor should offer another eight years of optimal performance.
